

MICROBAND APPLICATOR KIT (DUAL HOPPER) TO FIT GRIMME VL 30B & VL 32B QUAD ROW POTATO PLANTERS.

The above kit has been designed to allow chemical microgranules to be applied at the time of planting into the seed furrows on quad planter applications.

The chemical is delivered from a 2-off 35 litre two outlet Microband rectangular hopper units, this enables either two outlets to be used per row of the same chemical or two chemicals to be applied at the same time using one outlet from each hopper per row. The hoppers are driven via a direct drive taken from a planter cross shaft sprocket already fitted to the planter, with a chain and sprocket variable drive to alter chemical application rates.

NOTE!

THIS KIT WILL ONLY FIT ON PLANTERS USING 34" ROW WIDTHS AND ABOVE DUE TO THE MICROBAND HOPPERS HAVING TO FIT BETWEEN THE POTATO CHUTES.

A complete kit is supplied and ordered as follows in two parts :-

A/ Part No. 640222 Microband mounting bracket, delivery equipment and direct drive kit, to fit STANDARD GRIMME VL 30B / VL 32B QUAD POTATO PLANTERS.

OR

B/ Part No. 640223 Microband mounting bracket, delivery equipment and direct drive kit, to fit GRIMME VL 30B / 32B QUAD POTATO PLANTERS
*** FITTED OPTIONAL HYDRAULIC HEADLAND CLUTCH**

The above kit consists of all mounting brackets and fasteners, delivery tubes and direct drive assembly with a variable chain and sprocket drive.

2/ Microband 35 Litre 2-outlet Hopper Unit x 2-OFF # REVERSE ROTATION WEAR STRIP TYPE

*** The type required are to be stipulated by the customer, with regard to which type of metering rotor is required to apply a particular chemical / application rate. This information is supplied by the chemical manufacturer / distributor.**

*** If the type of rotor is not stipulated at the time of ordering supply the following :-**

Part No.

760400 Microband 35 Litre 2-outlet rectangular hopper unit fitted with 1 x 8mm rotors per outlet. X 1-off. # **REVERSE ROTATION WEAR STRIP TYPE.** **OR**

*** Other hopper unit metering rotor options available on request**

For spare parts details see instruction book part No. 032059 Grimme VL30B / VL32B planter + MICROBAND
